Tharwani Meghna Montana next to Sarvoday nagar chikhloli Ambernath west Thane 421501 Maharashtra

#### PROFESSIONAL SUMMARY

- Experienced in developing software solutions, including a job-seeker platform using Django and Python.
- Completed internship at LLamaworx Software Pvt. Ltd., focusing on tool development and data management.
- Proficient in SQL, web scraping (Selenium, Beautiful Soup), and machine learning techniques.
- Strong teamwork skills, with a commitment to continuous learning and problem-solving.

#### **EDUCATION**

**Master of Computer Applications (MCA)** 

Babasaheb Bhimrao Ambedkar University (Central University) Lucknow, UP

**Bachelor of Computer Applications (BCA)** 

Makhanlal Chaturvedi National University of Journalism and Communication, Bhopal, MP

**Senior Secondary Education** 

DR BRAIC Chakara B Nagar Dragah Mau, UP

Secondary Education

Vibhuti Narayan Inter College Surajpur Mau, UP

2021 23 (7.85 CGPA)

2017 -2020

(7.71 CGPA)

2014 - 2016

(84%)

2013 - 2014

(64.4%)

### **TECHNICAL SKILLS**

Programming Languages: Python, Java, C, C++, JavaScript

Web Development: HTML5, CSS Databases: MySQL, SQLite

Frameworks: Django

#### **INTERNSHIPS**

#### Machine Learning Intern

LLamaworx Software Pvt. Ltd.

Jan 2024 - June 2024

- Tool Development: Leveraged Langchain to create an Al tool, enhancing functionality and user experience.
- Data Retrieval: Utilized SQL Server Management Studio (SSMS) for efficient data retrieval and management.
- Data Training: Trained datasets using machine learning techniques similar to those employed in ChatGPT.
- Data Testing: Conducted thorough testing of datasets to ensure accuracy and quality.
- Web Scraping: Employed Selenium and Beautiful Soup for web scraping to gather and process data from online sources.

#### **PROJECT**

## Web App for Helping to Jobseeker & Employer

- Developed an online platform facilitating job seekers in searching and applying for job openings.
- Enabled employers to post job vacancies and efficiently manage applications from candidates with relevant skills.
- Enhanced user experience through intuitive design and streamlined application processes.
- Utilized Django for the backend, with Python as the programming language, and SQLite as the database. Frontend developed using HTML5 and CSS.

#### **EXTRACURRICULAR ACTIVITIES**

#### **Tutor, Computer Institute**

- Provided comprehensive instruction in Microsoft Office, Photoshop, and PageMaker.
- Effectively communicated complex concepts and facilitated hands-on learning.
- Contributed to enhancing participants' digital literacy and creative skills.

#### SOFT SKILLS

 Teamwork Quick Learning Decision Making

Leadership

### **CERTIFICATIONS**

100 Days of Code: The Complete Python Pro Bootcamp (Online) Dr. Angela Yu, Developer and Lead Instructor July 2024
